What's Next ?

They say the best way to predict the future is to create it. Well, here it is—our future, written and designed by the roaring hearts and relentless minds of Leo District 306C1. This isn't just a magazine; it's a movement, a milestone, and a moment that will echo through time.

Welcome to NEXT—the first of its kind in our district's history, a beacon of pride, passion, and purpose. This magazine isn't about looking back for too long or staying stuck in the present—it's about leaping forward. It's a tribute to the legacy we've built, a celebration of the strength we embody today, and a bold declaration of what lies ahead.

Inside these pages, you'll discover stories that roar with the pride of our clubs, projects that carry the weight of change, and reflections that remind us why we call ourselves Leos. From initiatives that turned challenges into triumphs to legacies that whisper (and sometimes shout) through generations, this magazine is a living testament to who we are and who we're becoming.

But NEXT is more than a collection of words and images. It's the pulse of our district—the untamed energy of young minds daring to dream bigger, the stories of leaders shaping tomorrow, and the quiet resolve of every Leo who said, "We can do more."

So here's the deal: This isn't just for us. It's for those who'll come after us, who'll turn these pages one day and see not just what we did, but how we did it—with courage, conviction, and camaraderie. Every story here carries a piece of our roar, echoing the promise of what's next. As you flip through, let this magazine remind you of the power of pride—not just in the clubs we represent or the projects we execute but in the spirit of being part of something much larger than ourselves. Leo District 306C1 is not just a name; it's a legacy in motion.

Here's to roaring louder, reaching higher, and writing the NEXT chapter together. Because if this is what we can do today, imagine what tomorrow looks like.

See you at what's NEXT.

The club is more than just a collective of individuals; it is a community dedicated to making the world a better place through unity, service, and growth. Together, they serve, lead, and grow.

The story of the Leo Club began in 2014, thanks to the vision and dedication of two club advisors, Lion Padmakumara Jeewandara and Lion Saranga Boralasgamuwa. Their goal was clear: to provide young people with opportunities to develop leadership skills, contribute to their communities, and connect with like-minded individuals who share a passion for service.

During his tenure, the Leo Club worked to increase membership and involvement in larger-scale projects. A signature project, "IT for a Blissful Tomorrow" was delivered along with the parent Lions Club during Leo Poorna's club presidency was recognized as the Most Innovative Project and Most Outstanding Project for Quality Education and Literacy in both District and Multiple level respectively.

Consolidating and Elevating the Club (2017-2019): In 2016, Leo Nipuna Kularatne took over as president for the 2016-2017 term. Leo Nipuna continued to build on the successes of his predecessor while introducing new initiatives to engage members and serve the local community. His leadership was marked by a continued focus on growth, both in terms of the club's influence and the personal development of its members.

During the presidency of Leo Sithira Hapuarachchi (2017-2018) the Leo Club took a step forward in terms of its organizational structure and outreach. Leo Sithira's leadership fostered greater collaboration between the club and other local organizations, creating a network of support for service initiatives. His term also marked a period of strengthening the Leo Club's presence in the local community.

SOGO 2024:8

THE FUTURE FOUNDER'S FOUNDRY

SOGO 2024 was a landmark project organized by the LEO Club of Thalangama Golden City, aimed at empowering young minds to break free from limiting beliefs and embrace their true potential. Held on August 11, 2024, at the New Arts Theatre, University of Colombo, the event attracted an audience of over 130 youth and teens, eager to gain inspiration, energy, and practical knowledge to navigate their futures with confidence.

The brainchild of LEO Sandes Ranasinghe, Founder & CEO of Jayshar Holdings, SOGO 2024 was inspired by a similar initiative he hosted in 2023. With his passion for youth empowerment and a vision for creating meaningful impact, LEO Sandes brought together a remarkable panel of speakers: Mr. Mushthaq Idroos (Co-Founder of Loku Business Pvt Ltd), Mr. Pasindu Rathnasekara (Founder & CEO of Eclipse Group and Director of Eknil Homes), LEO Nisal Dulmuth (District President of LEO District 306 C1), and LEO Sandes himself. Each of them shared their expertise, experiences, and insights, delivering well-structured sessions that left the audience deeply motivated.

The journey to making this event a reality was not without challenges. Initially planned for an earlier date, the project had to be rescheduled due to conflicting events, which required renegotiating with speakers and re-engaging the audience. Despite these hurdles, the team, led by Project Chairperson LEO Sandes, Secretary LEO Senara Hasandi, and Treasurer LEO Adithya Saparamadu, worked tirelessly to ensure the event's success. LEO Sandes even personally visited institutions to promote the event and secure participants, highlighting his unwavering commitment to the cause.

One of the project's most impactful decisions was making it a free event, removing the Rs. 500 registration fee to ensure accessibility for all. This move, supported by senior members LEO Chehara and LEO Senara, exemplified the club's dedication to inclusivity. The event also featured incredible contributions from the Platinum

Sponsor, Loku Business, which awarded scholarships to 10 participants and offered a 25% discount on their courses through the Loku Business Academy.

Each participant received a certificate of recognition, a gesture made possible through the collective effort of the club and LEO Sandes' business support. The event received extensive media coverage, with TV Derana, FM Derana, and Ada Derana 24 serving as official media partners, amplifying the project's reach and impact.

SOGO 2024 was more than just a project; it was a milestone for the LEO Club of Thalangama Golden City. It set the tone for the LEOstic year 2024/25, being the first major event after the club's installation. Through resilience, teamwork, and a shared vision, this initiative broke barriers and paved the way for a brighter, purpose-driven future for all who attended.
